SKLZ Practice Product Range

SKLZ practice products are extremely high quality, well packaged and backed up by comprehensive instructions and instructional DVD's. The range covers all major areas of improvement from muscle strengthening to increasing distance through to putting and accuracy.

SKLZ practice products are divided into four categories:

- PRACTICE
- ACCURACY
- DISTANCE
- PUTTING

Endorsements - Many SKLZ Golf practice products are endorsed by Rick Smith - consistently ranked as one of the top five golf instructors in the world by Golf Digest.

Training Videos

Training videos are available to view on the SKLZ website (www.sklz.com)
The Gyro Swing (below) has an entire website devoted to the product (www.gyrosing.com)

SZGS - GYRO SWING (LEFT AND RIGHT HANDED)

Turn it on, crank up the ultra-fast gyroscope in the clubhead, take a swing and you have a training club that literally comes alive in your hands. The SKLZ Gyro Swing resists off-plane swings, early releases, and a host of other swing flaws. More importantly, it teaches the 'feel' of a correct swing.

N.B. The Gyro Swing features are too numerous to mention in this text. For full product information, specification and demonstration videos go to www.gyrosing.com

GUIDES
A swing that's perfectly on plane

RESISTS
Off-plane swings, casting, coming over the top

GUIDES
Proper weight shift for squaring the clubface and a late release

RESISTS
Early releases, hanging back on the back foot, and 'scooping'

Patented see-through grip graphics illustrate ideal hand placement

Gyro Swing Driver

Instructional DVD

Charger

Rechargeable batteries

- Gyroscopic head forces the swing to stay on plane and grooves the proper release
- Ingrains the 'feel' of the perfect swing
- Provides resistance when swings go 'off-plane'
- Rechargeable batteries and recharger included
- Gyroscope encased in a metalwood head for protection and realistic visual experience
- Includes Rick Smith instructional DVD

SZRD - REFINER DRIVER (LH + RH)

SZRI - REFINER IRON (LH + RH)

Dual-Adjustable Hinged Training Club. Breaks in the Refiner, show breakdowns in your swing. The patented, two-way adjustable hinged clubs give instant feedback on tempo and swing plane to smooth out your swing. Even hit balls with it.

Patented see-through grip graphics illustrate ideal hand placement

Adjustable hinge

- Patented, two-way adjustable-hinged driver
- Swing flaws are immediately exposed by a break in the hinge
- Engineered to hit golf balls and teach a smooth, even-tempo swing
- Can be used at the range, home, or office, any time of the year
- Promotes better ball contact for straighter, longer shots
- 460cc head (Driver version)
- Patented see-through grip graphics for ideal hand placement
- Includes adjustment key/divot tool

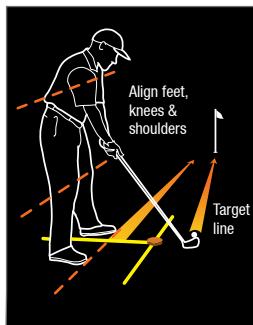

SZPOD - PRACTICE POD

Portable Alignment Guide. Lightweight, portable alignment tool helps ensure consistently square alignment, correct ball position, and proper distance from the ball for every club. Eliminate swing faults before they start.

SZSE - SLICE ELIMINATOR

Swing Path Trainer... Plus. Get rid of that slice for good. The adjustable guide pads encourage a correct in-to-in swing path for straight shots, and give immediate feedback on an out-to-in (slicing) swing path.

multiple set up positions

Rick Smith RICK SMITH SIGNATURE SERIES

- Provides immediate feedback if swing is out-to-in (slice) or too in-to-out (hook)
- Also provides functionality to guide proper swing plane and help prevent swaying
- Sturdy construction, easy setup
- Fully adjustable for height and guide bar position

SZSB - SMASH BAG

Impact Trainer. Learn the feeling of the correct impact. Hitting into the Smash Bag helps eliminate fat and thin shots, and helps cure slices.

Includes loop for ground staking

Rick Smith RICK SMITH SIGNATURE SERIES

- Proprietary target map provides visual feedback on the quality and accuracy of impact
- Quickly fills with towels or clothes
- Use it at home or on the range
- Includes staking loop
- Perfectly safe for you and your clubs
- Heavy duty high-impact material and zipper

SZSS - STRAIGHT SHOOTER

The Straight Shooter gives you honest feedback on your swing and helps eliminate slices and hooks to hit longer and straighter. Now you can take "the range" anywhere and never run out of balls. Hit with any wood, iron or wedge.

Straight

Hook / push

Slice / pull

- Helps correct pushes, pulls, slices and hooks
- Gives immediate feedback on swing path
- Quick, easy assembly and setup, stakes right into the ground
- Real ball for true feel
- Sturdy construction

SZSK - SWING KITE

Swing Resistance Trainer. No one can resist more distance, but resistance is the way to get it. The Swing Kite's air scoop design forces you to use your "big" golf muscles and develops lag in the swing for effortless power.

- Ingrains the feel of the correct swing path and improved ball contact
- Increases shot distance; muscle strength and flexibility
- Includes carrying bag
- Ideal for warm-up or staying in shape during the off-season
- Use on your own clubs - allows for hitting balls
- Assembles and locks quickly
- Rubberized clasps won't scratch shafts

SZPS - POWER SLEEVE

Turn Any Club Into a Weighted Club.
Top Tour professionals choose the weighted Power Sleeve as their warmup of choice. Loosen up before your round, build golf muscles and flexibility, and even hit balls to identify and fix swing flaws.

Rick Smith | RICK SMITH SIGNATURE SERIES

- Use on your own clubs • Warmup or stay in shape during the off-season
- Increases shot distance and golf muscle strength and flexibility
- Ingrains the feel of the correct swing path and improved ball contact
- Hit with it on your club to reveal and correct swing flaws
- Used by leading pro's on Tour • Easy on and off, won't scratch your shafts

SZTGT - TEMPO / GRIP TRAINER

Perfect your grip position, swing tempo and timing with the Tempo & Grip Trainer.
Removable weights to simulate both woods and irons help you warm-up, stretch out and build golf-specific muscles.

- Training grip provides the correct hand position
- For indoor and outdoor training sessions • Two weight adjustments - iron and wood practice
- Improves a golfer's swing tempo and plane • For right handed golfers only

SZSAD - SWING ACCELERATOR (DRIVER VERSION)

Hittable Weighted Club.
Finally, a weighted club that gives you good feel instead of seeming like a heavy block in your hands... and you can hit balls with it.
The patented internal weighting system provides true club balance and weighting.

Patented internal weighting system

Patented see-through grip graphics illustrate ideal hand placement

Rick Smith | RICK SMITH SIGNATURE SERIES

- Increases distance - longer straighter shots • Increases strength & flexibility of golf-specific muscles • Ideal for warmup or staying in shape during the off-season
- 460cc weighted driver head (on the driver version) • Patented shaft weighting technology (internal material in shaft) harnesses the power of centrifugal force and gives a real club feel
- Can hit balls - improve actual swings rather than just practice swings • Ingrains the feel of the correct swing path and improved ball contact
- Gives audible cues on out-of-rhythm swings • Patented see-through grip graphics for ideal hand placement

SZLP - LAUNCH PAD

Practice all your shots in the right lies.
The Launch Pad lets you hit off the tee, on the fairway, or out of the rough.
Practice driving, iron shots, and short game

Drive off the tee or escape from the 'rough'

Rick Smith | RICK SMITH SIGNATURE SERIES

- 1' x 2' hitting mat for all types of practice: 'tee', 'fairway' and 'rough' surfaces
- Includes two tees for full range of clubs • Use anywhere you can safely swing a club
- Practice driving, iron shots and short game • Extremely realistic grass surface

SZPW - POWER WEDGE

Weight transfer & Timing Tool.
Corrects and ingrains proper timing and weight transfer

NEW!

- 'Click' sound at the proper weight shift as the club passes through impact point
- Synchronises legs, hips and arms • Use anywhere you can safely swing a club
- Produces better ball contact

SZPG - PUTTING GATE WITH DUECE

 Get feedback on your putting with the Duece. When used with the putting gate you can see whether the puts have been struck evenly, or with a bias towards the toe or heel of the putter.

- Gives instant feedback on your putting style
- Adjustable sides for all club putterhead sizes
- Teaches golfers to consistently square the putter face at impact
- Can be used with the SKLZ Duece 2-ball trainer (included) or any golf ball

SZPL - PERFECT PLANE

 Putting Arc Training Board. Are you putting on the correct plane and squaring the clubface? You might be surprised. Use the Perfect Plane to find out for sure and develop the proper arc for flush putts.

- Teaches correct stroke path, proper acceleration, and how to square the club face
- Unique shape sets the club on proper plane throughout the putting stroke
- Includes guides to even out stroke length
- Players can use their own putters
- Can be used on the practice green, at home, or in the office

SZRP - REFINER PUTTER (LH + RH)

 Dual-Adjustable Hinged Training Putter. Putt with the Refiner to reveal where your stroke is breaking down. Rushing it? Getting off-plane? The hinge will break immediately. When the hinge stays solid, it means your stroke is too.

- Two-way adjustable-hinged putter gives feedback on tempo, timing, and clubhead path
- Flaws in your stroke are immediately exposed by a break in the hinge
- Engineered to putt golf balls and teach a smooth, even-tempo stroke
- LH and RH option
- Can be used at the practice green, home, or office, any time of the year
- Promotes better ball contact for truer putts
- Includes adjustment key/divot tool

SZTT - TEMPO TRAY

 Putting Tempo Trainer. Ready to get smooth? Your stroke needs to be smooth to keep the ball on the Tempo Tray.

- Trains players to feel the perfect pace for long and short putts
- Ball holder design requires smooth tempo to keep the ball on the tray
- Helps eliminate the yips
- Tray attaches easily to any putter shaft
- Two different sized holders for varying degrees of difficulty

SZSL - SPOT LINER

  Ball Alignment Marker. The pros' secret to alignment is marking a line on their ball to match it to their intended line. With the Spot Liner, you get a marking guide and mini-marker to do the same.

- Fast and easy way to learn how to properly line up putts
- Template marks straight lines on the ball - down the target line and perpendicular to it
- Guides the player to get body and clubface in perfect alignment to the target line
- Legal for tournament play
- Includes Mini Marker

SZPP - PUTT POCKET

 Putting Accuracy Trainer. Sinking breaking putts is all about visualizing the right line. The Putt Pocket's unique horseshoe shape forces players to hit towards the high side of the hole, and can be used as an extra practice cup.

- Helps players improve the accuracy of their line and speed on putts of all lengths
- Fits standard golf hole - a 2.75 inch opening forces the player to make putts in the high side
- Small hole opening makes real holes appear larger once the player is out on the course
- Perfect target for practising at home or office
